Disclaimer

The material in this presentation (the Presentation) has been prepared by Liberty Steel USA (Liberty House) on behalf of the Gupta Family Group Alliance (GFG), an international group of companies comprising the SIMEC Group of Companies, Liberty House Group of Companies, Jahama Group of Companies and Wyelands Bank and any information about GFG should only be regarded as background information as at the date of the Presentation and not as investment advice.

The information contained in the Presentation is in summary form and should not be regarded as complete.

Any information contained in the Presentation, including any forecasted financial information, should not be considered as advice or a recommendation and has not considered or taken into account any objectives you might have nor your situation or individual requirements.

If you chose to act on any information contained in the Presentation, you do so at your own risk and with no reliance on Liberty House and you should consider the appropriateness of the information and seek independent financial advice.

All investments, including securities and financial products or instruments involve risk, including but not limited to the risk of adverse or unanticipated markets, adverse financial or political developments and foreign exchange risk.

The Presentation may contain forward looking statements including statements regarding an intent, belief or current expectation with respect to GFG's businesses and operations, market conditions, results of operation and financial condition, capital adequacy, specific provisions and risk management practices. You are cautioned not to place reliance on any statements.

Liberty House does not undertake any obligation to release the result of any revisions to any statements contained in the Presentation.

Whilst reasonable care has been used in the preparation of any forecast information contained in the Presentation, actual financial results may vary in a materially positive or negative manner.

Any forecast and hypothetical examples contained in the Presentation are subject to uncertainty and contingencies outside Liberty House control. Past performance is not a reliable indication of future performance.

About GFG Alliance

Champions of Sustainable Industry

- **GFG Alliance:** A global grouping of independent businesses with a focus on natural resources, renewable energy, metal manufacture and engineering. Supported by financial, property and educational resources.
- **Vision:** an economically and environmentally sustainable future for industry as a foundation for a stronger and more prosperous society.
- **Synergy:** four pillars working together to deliver competitive and resilient business model
